## 10 Years of Christian Music

In July 1999, Christian music was first heard on radio in the Midwest, broadcasting on 97.3 FM under temporary broadcasting licenses and since February 2002, Geraldton has been blessed with a permanent Christian community radio broadcasting license, obtained by Soncicity FM Inc.

Over the last 10 years, Soncicity FM has been blessing and impacting the Midwest region with the Word of God 24/7. The Bible tells us to meditate on God’s Word (Josh 1) and His Works (Ps 1) day and night. Paul, in his letter to the Ephesians, carries this sentiment through explaining also how it is to be done: pray continually (1 Thes 5), always giving thanks singing spiritual songs, psalms and hymns. (Eph 5, Col 3)

In short, our focus in life should be heavenward all the time. This is the reason Christian radio is so important to Christians, as it helps maintain the focus where it is supposed to be. On Soncicity FM, Christian musicians are sharing their song, helping us sing our songs of praise, and encouraging and challenging shorts are helping us to meditate on His Word and grow. To continue filling the Midwest airwaves with the Praises and the Word of God, **WE NEED YOUR SUPPORT NOW MORE THAN EVER!**

Being a community radio station we have no access to any grants for ongoing operational costs. Soncicity FM has managed to cut back as far as we can, but with our fees and sundry costs ever increasing, we really need your ongoing financial support.

Furthermore, apart from the finances, to remain viable and non-secular we need to have a strong membership/supporters base.

**Please consider joining our membership or renewing your financial support to Soncicity FM and return the attached form below. It is very appreciated.**

Olaf Buma, Chairman
